PRESS RELEASE

Finding the Finer in Las Vegas: List of New Vegas Hotels Found at NewVegasHotel.com

Irvine, CA January 4, 2011 – NewVegasHotel.com has announced the launch of a newly designed website that provides customers a new way to search for a new Vegas hotel; it's for those who are looking for the swanky in Las Vegas, not the stanky.

Created to be an innovative, free tool to find a new hotel in Las Vegas, NewVegasHotel.com was designed to satisfy two needs: to be a one stop shop to the latest and greatest Vegas hotels, clubs and shows and to help you make the best choice so you'll have the richest experience.

How does it work? Users visit the website at NewVegasHotel.com and are immediately greeted by the trendiest hotels, shows and clubs Las Vegas has to offer. By clicking on your chosen hotel, you will be given incredible pricing from over 30+ hotel websites, an overview of amenities, reviews, and points of interest nearby.

Tools include:

- * List of the newest Hotels - Users can search the lowest possible rates and reserve a room in Las Vegas.
- * Map of Hotel locations – See where the hotel is on the strip and what is nearby.
- * View new shows and clubs – See the hottest shows and clubs that everyone is going to.
- * Read Reviews and see what amenities the hotel offers
- * Compare Pricing – Compare pricing of up to 30+ websites all on one site

NewVegasHotel.com developer and entrepreneur Mike Glezos, an accomplished 13-year veteran of the web application industry, has seen it all. “We believe NewVegasHotel.com is an important key to having not only a great time in Vegas but to enrich the guests experience by acting as a conduit between the right hotel, the right shows and the guest, lending that extra personal touch to their stay.” Glezos says. “NewVegasHotel is simple, it's free, and it saves you valuable time by bringing out the “new” from Las Vegas, cutting out the guess work.”

Glezos offers the following good-humored advice to users, referring to his website's theme: “Old hotels are stanky! Stay new!”

About NewVegasHotel:

NewVegasHotel.com is a free, online Las Vegas Hotel search tool. Its purpose is to provide people with the necessary tools to help find the newest and finest hotels Las Vegas has to offer. Developer Mike Glezos (www.mikeglezos.com) is the co-founder of topLingo Development, Inc., (www.toplingo.com) headquartered in Irvine, Calif. Glezos has crafted specialized web solutions and drafted site architecture for over 400 projects that have promoted efficiency, reduced costs, attracted customers and generated profits. His clients range from small startups to Fortune 500 companies including Chase, CorpNet, Fidelity National Information Services, HSBC, Delta Creative, ZyZEL and many others.
